

Apex Warranty

Through clear communication, we will endeavor to meet or exceed your expectations in manufacturing.

Apex Machining will warranty parts manufactured to your drawings and specifications, but will not warranty the merchantability or fitness for a particular purpose unless stated in our quote.

We limit our liability to replacement of defective or non-conforming parts and will replace or refund the purchase price upon return of defective parts.

Risk and liability for loss, damage, or injury to persons or property arising from use or possession of the goods rests solely with the purchaser.

Apex Terms of Sale

Quote Terms: Price and quantity quoted will be honored for 30 days due to possible material or outside service cost fluctuations.

Prints & Specifications: Part and revision number on prints provided to Apex Machining Co. MUST match your Purchase Order, as well as our original quote. Otherwise a requote of pricing may become necessary, if machining time or materials have changed significantly.

Delivery Charges: Shipping and delivery charges will not be quoted unless requested. Price quoted is for a one-time delivery. Delivery charges will be added to your invoice.

A WRITTEN PURCHASE ORDER IS REQUIRED to initiate your order. See [Submit a Purchase Order](#) for details.

Acknowledgment of Order: Upon receipt of your Purchase Order, an acknowledgment of terms will promptly be returned to you indicating our established delivery date. All terms of agreement must be agreed upon by both parts before manufacturing begins.

Established Delivery Date: Delivery is dependent on our current workload at the time your Purchase Order is received. An estimated delivery date may be stated on your quote; however, an established delivery date can only be determined at the time your Purchase Order is received, taking into consideration our commitment to those who have already entrusted us to complete their work as agreed.

Payment Terms: Payment is required at time of delivery unless credit terms have been prearranged. If paying by credit card, an additional 3% fee will be added to your invoice.
